

Propane Gas LLC

() **AUTO FILL** Customers are automatically set up on our Auto Fill program, on an annual basis, unless it is used as a seasonal home or the heat is supplemented by other forms of energy. No deliveries will be made until account balance is paid in full, or other arrangements are made with office.

() **WILL CALL** Customers are required to notify our office to request delivery when tank gauge reads 30%. Stanford's Propane Gas will deliver within five (5) working days of customer notification. If we find the tank is out of propane, a mandatory leak check must be done at an additional charge. Someone must be home to administer this service, and we can not give you times or date of delivery. We do not offer delivery service after hours or on weekends to will call customers.
